

Activating a Free Alumni Account

If you have been using PebblePad at your learning program and are about to leave, you are entitled to a free PebblePad account. You will be able to take your work (assets) with you and continue to use PebblePad to support your personal learning and professional development as you move on to the next stage of your career.

Creating your free Alumni Account

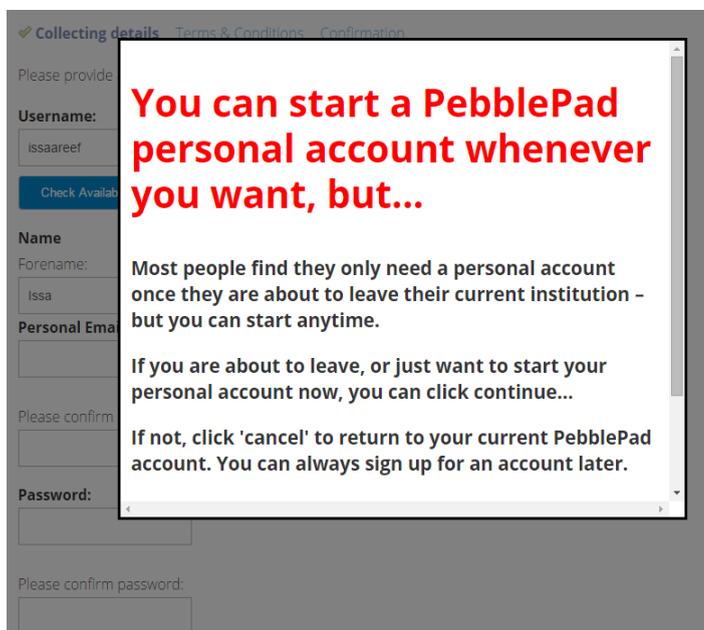

To create an alumni account log into your PebblePad account and select the 'Additional settings' option from the 'Burger menu' on the top left corner.

Then select 'Free Alumni Account' in the drop down list.

A window with a pop up will appear in which you can 'Continue' to the account creation page or 'Cancel' to return to your PebblePad account.

Click to 'Continue'

A white pop-up window with a black border is overlaid on the form, containing the following text:

You can start a PebblePad personal account whenever you want, but...

Most people find they only need a personal account once they are about to leave their current institution - but you can start anytime.

If you are about to leave, or just want to start your personal account now, you can click continue...

If not, click 'cancel' to return to your current PebblePad account. You can always sign up for an account later.
